LaSalle Solutions to showcase LAMP at Cisco Tech Day in San Jose

SAN JOSE, Calif., Dec. 8, 2015 — LaSalle Solutions, a leading provider of life-cycle management services, will be exhibiting today, Dec. 8, at the Cisco Tech Day in San Jose, taking place at the San Jose Marriott.

At the event, LaSalle Solutions will be showcasing LAMP, its market-leading cloud-based toolset that provides versatile solutions for asset and maintenance contract management.

Cisco Tech Day is part of the Cisco on the Road series, a premier education and training event series that brings customers together to network with other like-minded IT professionals and Cisco partners in the area. Tech Day offers customers the chance to learn how Cisco solutions can help them deliver the critical business outcomes that their enterprises demand. The event also offers training on all of Cisco's core architectures, including Enterprise Networks, Security, Data Center and Collaboration.

"We are always excited to exhibit at Cisco Tech Days and show Cisco customers how LAMP and the LaSalle team can help their organizations cut through the noise to achieve their goals," said Steven Robb, president of the solutions group at LaSalle Solutions. "The Cisco on the Road series enables us to continue to strengthen our customer relationships in addition to presenting LaSalle's enhanced processes and solutions to all Cisco customers, driving better business outcomes."

LAMP enables customers to view and manage their maintenance contracts and asset information in one place and in real time. With LAMP, customers quickly and efficiently report on and plan for equipment operations, migrations and upgrades. Customers using LAMP experience decreased downtime, compliance assurance and improved operational business outcomes. LAMP is available on any browser, iOS or Android device, delivering information when and where the customer needs it.

About LaSalle Solutions

Founded in 1980, LaSalle Solutions is a leading provider of life-cycle management services for technology and capital assets. These services include acquisition and financing, IT asset management, maintenance contracts management, remarketing

and disposition. LaSalle Solutions' processes, outstanding customer service and powerful, market-leading cloud-based toolset, LAMP, enable customers to more economically and effectively manage and plan to meet their goals.
