LaSalle Solutions sponsors Health Connect Partners conferences in Atlanta

ATLANTA, April 13, 2016 — LaSalle Solutions, a leading provider of technology life-cycle asset management services, is sponsoring and presenting at the 2016 Spring Hospital and Healthcare I.T. Conference and the Radiology and Imaging Conference, taking place today through Friday, April 15, at the Hyatt Regency in Atlanta. In addition to showcasing their equipment leasing programs, LaSalle Solutions team members will be on hand to discuss some of the company's new technology solutions.

The Health Connect Partners (HCP) conferences bring together executive-level hospital and healthcare providers from America's most prestigious hospitals for networking and industry-leading educational sessions. Provider and supplier attendees will also take part in the Reverse Expos, with the providers manning exhibit booths while suppliers walk the floor in a unique reversal of the traditional tradeshow format.

LaSalle Solutions will be attending several HCP events throughout the year, participating in the reverse expos as a supplier. As a sponsor of the Atlanta conferences, LaSalle will be hosting a hospitality suite this evening.

"We are excited to be sponsoring and presenting at these unique conferences that bring together the best minds in the healthcare industry," said John Drake, vice president of sales at LaSalle Solutions. "As a provider of leasing solutions for equipment of all types, including medical, it is important for us to connect with people in the industries we serve to develop successful, meaningful relationships. We look forward to presenting how our products and solutions help deliver the best possible service to our customers."

LaSalle Solutions serves several hospitals and medical practices across the U.S. The company provides its customers with life-cycle asset management for IT, radiology, laboratory and other medical equipment, with flexible leasing options and technology operations management services such as LAMPSM, LaSalle's cloud-based asset, leasing and maintenance contract management toolset.

About LaSalle Solutions

Founded in 1980, LaSalle Solutions is a leading provider of technology life-cycle asset management services. LaSalle enables its customers to improve their technology operations through enhanced processes, management and reporting for better planning and return on investment. LaSalle Solutions' processes, outstanding customer service and powerful, market-leading cloud-based toolset, LAMP, enable customers to obtain better business outcomes through transparency and reliable results at their fingertips.

LaSalle Solutions is a subsidiary of MB Financial Bank, N.A., a commercial bank headquartered in Chicago, Illinois. MB Financial, Inc. is the publicly traded holding company for MB Financial Bank, N.A. and is traded on the NASDAQ as "MBFI."
