LaSalle Solutions Expands to New Headquarters

Rosemont, IL. – November 25, 2014 – LaSalle Solutions, a leading provider of IT life-cycle asset management services and tools, announced today that it has relocated its Headquarters to 9550 W Higgins Road, Suite 600 in Rosemont, IL.

The move stems from LaSalle's need for additional space to accommodate employee growth for expanded services and customer support due to increased demand. The company has more than doubled its square footage with the move.

"We have seen our growth accelerate over recent years, and we were simply out of room. The new location and facilities will allow us to continue to enhance our ability to serve our customers at the highest levels," says LaSalle Solutions CEO and President, Robert Metzen. "Additionally, the new location will enable us to continue to ensure positive sustainable scalability, compliance and risk mitigation and bring better information, process and results to our customers."

The new location is equipped with a state-of-the-art Cisco TelePresence facility and upgraded data center, adding to LaSalle's capabilities to work more closely with its customers and partners.

LaSalle was started in 1980 as an IT equipment leasing company with a small office in downtown Chicago. The company grew and moved to Northbrook, IL in 1985 where it expanded its offerings to include technology solutions and services. After being acquired by MB Financial Bank in 2002, LaSalle moved its headquarters to its recent location, also in Rosemont, where the company grew three fold.

Today, LaSalle Solutions is a leading provider of life-cycle management services focused on technology and capital assets. These services include equipment acquisition and financing, IT asset management, maintenance contracts management, remarketing and disposition. LaSalle Solutions' processes, outstanding customer service and powerful, market-leading cloud-based toolset, LAMP, enable customers to more economically and effectively manage and plan to meet their goals

LaSalle Solutions is an independently operated company and a subsidiary of MB Financial Bank, a publicly traded Chicago-based bank holding company. MB Financial is traded on the NASDAQ as "MBFI."
