## What We Do

### Solutions that Help You Manage Your Technology Contracts & Information

**LAMP™**, our cloud based toolset, enables you to search, track and manage your maintenance contracts quickly and easily with full transparency. Using **LAMP** will help you streamline your processes and better plan for future expansions and upgrades by providing your organization with accurate management and reporting on equipment information including location, maintenance contracts, lease maturity, end-of-life and end-of-service. **LAMP** is available from your browser, iOS or Android device.
