LaSalle Solutions Renews Three Cisco Advanced Technology Specializations

ROSEMONT, Ill., April 25, 2016 — LaSalle Solutions, a leading provider of technology lifecycle management services, announced today that it has renewed its Cisco Specializations for Advanced Collaboration Architecture, Advanced Data Center Architecture and Advanced Enterprise Networks Architecture. These specializations recognize that LaSalle has again fulfilled the training requirements and program prerequisites to sell, design and deploy comprehensive Cisco solutions for the Collaboration, Data Center and Enterprise Networks Architectures.

As a Cisco Advanced Specialization partner, LaSalle Solutions has demonstrated its ability to provide sophisticated, value-added Cisco solutions through in-depth sales capabilities, technology skills and service offerings. Cisco Advanced Specialization Partners work with new and existing technologies to align components of these architectures with their customers' strategic goals, helping transform business processes, boost organizational efficiency and accelerate the time to market.

"We are proud to once again achieve Cisco Specializations in the Advanced Collaboration, Data Center and Enterprise Networks Architectures," said Steven Robb, president of the solutions group at LaSalle Solutions. "The time and training we invest throughout the year to achieve these specializations supports our dedication and promise to deliver the best possible technology solutions to meet our customers' needs year after year."
