LAMP Has a New, Improved Interface

We've updated LAMP's user interface with a cleaner, more modern design that will provide a more consistent experience across all user devices. We've also added some new notification features to both our web and mobile platforms, including:

- Order Shipment Status
- Cisco RMA Return Notifications
- Hardware Quote Notifications
- And more to come next quarter

Look for our new user interface starting later next week! See it at Cisco Live!

Enhanced Infrastructure Management Helps Lower Costs

LaSalle Solutions takes the pain out of infrastructure management by increasing visibility into your asset and maintenance contract information using LAMP.

Find out how improved infrastructure management helped reduce maintenance plan costs for one of our customers by 60% in some locations.
