LaSalle Solutions Recognized by Cisco for Excellence in Customer Satisfaction in the United States

Rosemont, IL, USA – February 4, 2014 – LaSalle Solutions announced today that it has again achieved a Customer Satisfaction Excellence Gold Star from Cisco. This designation recognizes LaSalle Solutions for delivering outstanding customer service to customers in the United States.

“The LaSalle team strives every day to exceed our customers’ expectations,” says Steven Robb, President – Solutions Group at LaSalle Solutions. “Customer Satisfaction is a key driver and a core value shared with Cisco. We are honored to have achieved this accomplishment for over 37 consecutive quarters.”

Cisco measures the customer satisfaction levels achieved by its Gold, Silver, and Premier Certified partners based on regional target goals, providing a weighted average of a partner's pre- and post-sales support over a rolling 12-month period. Partners that achieve outstanding customer satisfaction are awarded the Customer Satisfaction Excellence Gold Star and can be found using the advanced search menu in the Cisco Partner Locator.

The Cisco Resale Channel Program provides a framework for partners to build the sales, technical, and Cisco Lifecycle Services skills required to deliver Cisco solutions to end customers. Through the program's specializations and certifications, Cisco recognizes a partner's expertise in deploying solutions based on Cisco advanced technologies and services. Using a third-party audit process, the program validates partner qualifications

such as technology skills, business best practices, customer satisfaction, and presales and postsales support capabilities - critical factors in choosing a trusted partner.
