LaSalle Solutions Named to 2016 Monitor 100 List

ROSEMONT, Ill., Aug. 30, 2016 — <u>LaSalle Solutions</u>, a leading provider of technology life-cycle asset management services, announced today that it has been ranked 91st on the 2016 <u>Monitor 100</u> list, a ranking of the top 100 equipment finance and leasing companies in the United States.

Now in its 25th year of publication, the Monitor 100 is unique in that it is primarily dependent upon data that comes directly from the participants and not from other published sources. The annual report is the only source of its kind that provides a total dimensioning of the largest equipment finance and leasing companies in the U.S. The Monitor 100 was published in the July 2016 Monitor 100 special issue.

"We are honored to have once again made the Monitor 100 list, moving up in the rankings from last year," said Robert Metzen, president and CEO of LaSalle Solutions. "We pride ourselves on our transparent approach to leasing and providing our customers with a level of integrity they have come to respect and appreciate. We work hard to uphold these standards each day, which is why our business continues to grow each year."

LaSalle Solutions has been a trusted provider of IT, healthcare and material handling equipment financing options since 1980. LaSalle delivers customized solutions designed to help customers manage the life-cycles of their capital acquisitions while maximizing cost-effectiveness.
