# LAMP

by LaSalle Solutions

**Maintenance contract consolidation**
**Data validation**
**Manage moves, adds, changes**

**Notifications**
**Generate reports**
**Mobile access and barcode scanning**

**Credit tracking**
**RMA tracking**
**End-of-service, end-of-life tracking**

## LAMP Mobile

The LAMP Mobile app works on any iOS or Android device and uses Bluetooth scanners to process serial numbers from assets.

## Better Information Through Integration

LAMP seamlessly integrates with your existing IT systems.

| Solarwinds | ServiceNow | Smart Net Total Care |
